

## Verified contact data

**50¢** PER CONTACT

### What you get

A named decision-maker at each company you want to sell to — with a working email address, a job title and a phone number. Built to your definition of a buyer, and verified against the receiving mail server before it reaches you.

Every count on the file, and the button that downloads it.

### What it costs

**50¢ per contact.** One rate at every volume — no tier to negotiate, no subscription and no platform fee. The minimum order is **5,000 contacts, \$2,500**. You are invoiced on the count actually delivered, not the count quoted.

### How it arrives

Into a private workspace on our platform, with your own username and password: the list, a map of every company in it, and a call board your team works straight off. Export to CSV whenever you want it. The file and the login are yours to keep.

A live client call board — firms split across rep boards, with the number to dial. Contact rows blurred.

### How you pay

Across one quarter, in three monthly instalments — \$2,500 is three payments of \$833.33, invoiced on the 1st of each month. By ACH or check with no surcharge, or by card with a 3% processing surcharge. Payable to Hale Outdoor Products, LLC.
